AND
THE GOVERNMENT OF THE REPUBLIC OF HUNGARY**

**FOR THE AVOIDANCE OF DOUBLE TAXATION AND THE PREVENTION
OF FISCAL EVASION WITH RESPECT TO TAXES ON INCOME AND ON
CAPITAL**

The Government of the Republic of Armenia and the Government of the Republic of Hungary, desiring to conclude an Agreement for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income and on capital, and to further develop and facilitate their relationship,

have agreed as follows:

Article 1
PERSONS COVERED

This Agreement shall apply to persons who are residents of one or both of the Contracting States.

Article 2
TAXES COVERED

1. This Agreement shall apply to taxes on income and on capital imposed on behalf of a Contracting State or of its local authorities, irrespective of the manner in which they are levied.

2. There shall be regarded as taxes on income and on capital all taxes imposed on total income, on total capital, or on elements of income or of capital, including taxes on gains from the alienation of movable or immovable property, taxes on the total amounts of wages or salaries paid by enterprises, as well as taxes on capital appreciation.

3. The existing taxes to which the Agreement shall apply are in particular:

(a) in Hungary:

- (i) the personal income tax;
- (ii) the corporate tax;
- (iii) the land parcel tax;
- (iv) the building tax

(hereinafter referred to as “Hungarian tax”);

(b) in Armenia:

- (i) the profit tax;
- (ii) the income tax;
- (iii) the property tax

(hereinafter referred to as “Armenian tax”).

4. The Agreement shall apply also to any identical or substantially similar taxes that are imposed after the date of signature of the Agreement in addition to, or in place of, the existing taxes. The competent authorities of the Contracting States shall notify each other of any significant changes that have been made in their respective taxation laws.

Article 3
GENERAL DEFINITIONS

1. For the purposes of this Agreement, unless the context otherwise requires:

(a) the term “Hungary” means the Republic of Hungary and, when used in a geographical sense, it means the territory of the Republic of Hungary;

2. As regards the application of the Agreement at any time by a Contracting State, any term not defined therein shall, unless the context otherwise requires, have the meaning that it has at that time under the law of that State for the purposes of the taxes to which the Agreement applies, any meaning under the applicable tax laws of that State prevailing over a meaning given to the term under other laws of that State.

Article 4
RESIDENT

1. For the purposes of this Agreement, the term “resident of a Contracting State” means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management, place of incorporation or any other criterion of a similar nature, and also includes that State and any local authority thereof. This term, however, does not include any person who is liable to tax in that State in respect only of income from sources in that State or capital situated therein.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:

(a) he shall be deemed to be a resident only of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident only of the State with which his personal and economic relations are closer (centre of vital interests);

(b) if the State in which he has his centre of vital interests cannot be determined, or if he has not a permanent home available to him in either State, he shall be deemed to be a resident only of the State in which he has an habitual abode;

(c) if he has an habitual abode in both States or in neither of them, he shall be deemed to be a resident only of the State of which he is a national;

(d) if he is a national of both States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident only of the State in which it is incorporated. If it is incorporated in both States or in neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.

Article 5
PERMANENT ESTABLISHMENT

1. For the purposes of this Agreement, the term “permanent establishment” means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term “permanent establishment” includes especially:

(a) a place of management;

(b) a branch;

(c) an office;

(d) a factory;

(e) a workshop; and

(f) a mine, an oil or gas well, a quarry or any other place of exploration or extraction of natural resources.

3. (a) A building site, a construction, assembly or installation project or supervisory activities in connection therewith, constitutes a permanent establishment only if it lasts more than twelve months.

(b) The furnishing of services, including consultative services, by an enterprise of a Contracting State through employees or other personnel engaged by the enterprise for such purpose, constitutes a permanent establishment but only if activities of that nature continue (for the same or connected project) within the other Contracting State for a period or periods aggregating more than three months within any twelve-month period.

4. Notwithstanding the preceding provisions of this Article, the term “permanent establishment” shall be deemed not to include:

(a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;

(b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;

(c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;

(d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;

(e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;

(f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs (a) to (e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person – other than an agent of an independent status to whom paragraph 6 applies – is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

Article 6 INCOME FROM IMMOVABLE PROPERTY

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

2. The term “immovable property” shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships, boats, aircraft and road vehicles shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise.

Article 7 BUSINESS PROFITS

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the activity of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8 INTERNATIONAL TRAFFIC

1. Profits derived by a resident of a Contracting State from the operation of ships, aircraft or road vehicles in international traffic shall be taxable only in that Contracting State.

2. The provisions of paragraph 1 of this Article shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

Article 9 ASSOCIATED ENTERPRISES

1. Where

(a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

(b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions,

have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State – and taxes accordingly – profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits if it agrees with the adjustment made by the first-mentioned State. In determining such adjustment, due regard shall be had to the other provisions of this Agreement and the competent authorities of the Contracting States shall if necessary consult each other.

Article 10 DIVIDENDS

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:

(a) 5 per cent of the gross amount of the dividends if the beneficial owner is a company (other than a partnership that is not liable to tax), which holds directly at least 25 per cent of the capital of the company paying the dividends;

(b) 10 per cent of the gross amount of the dividends in all other cases.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of these limitations.

3. The term “dividends” as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident through a permanent establishment situated therein and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

Article 11 INTEREST

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State and beneficially owned by a resident of the other Contracting State

(a) shall be exempted from tax in the State in which interest arises if it is paid

(i) to the Government of the other Contracting State or a local authority thereof, to the Central Bank of that other State or any financial institution owned or controlled by the Government of the other State; or

(ii) in connection with a loan or a credit guaranteed or insured by the Government of the other Contracting State, the Central Bank of that other State or any financial institution owned or controlled by that Government;

(b) shall be taxable in the Contracting State in which it arises at a rate not exceeding 5 per cent of the gross amount of the interest if the interest is paid in connection with a loan or a credit of whatever kind granted by a bank.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of the limitations mentioned in paragraphs 2 and 3.

4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures, but does not include income dealt with in Article 10. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other

Contracting State in which the interest arises, through a permanent establishment situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment, then such interest shall be deemed to arise in the State in which the permanent establishment is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

Article 12 ROYALTIES

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed 5 per cent of the gross amount of the royalties.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

3. The term “royalties” as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films or films or tapes used for radio or television broadcasting, any patent, trade mark, design or model, plan, secret formula or process, or for information concerning industrial, commercial or scientific experience.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether he is a resident

of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment, then such royalties shall be deemed to arise in the Contracting State in which the permanent establishment is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

Article 13 CAPITAL GAINS

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other State.

2. Gains derived by a resident of a Contracting State from the alienation of shares or comparable interests deriving more than 50 per cent of their value directly or indirectly from immovable property situated in the other Contracting State may be taxed in that other State.

3. Gains, other than those dealt with in paragraph 2 of this Article, from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise), may be taxed in that other State.

4. Gains derived by an enterprise of a Contracting State from the alienation of ships, aircraft or road vehicles operated in international traffic, or movable property pertaining to the operation of such ships, aircraft or road vehicles, shall be taxable only in that State.

5. Gains from the alienation of any property other than that referred to in paragraphs 1, 2, 3 and 4, shall be taxable only in the Contracting State of which the alienator is a resident.

Article 14 INCOME FROM EMPLOYMENT

1. Subject to the provisions of Articles 15, 17 and 18, salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.

2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if:

(a) the recipient is present in the other State for a period or periods not exceeding in the aggregate 183 days in any twelve-month period commencing or ending in the fiscal year concerned, and

(b) the remuneration is paid by, or on behalf of, an employer who is not a resident of the other State, and

(c) the remuneration is not borne by a permanent establishment which the employer has in the other State.

3. Notwithstanding the preceding provisions of this Article, remuneration derived in respect of an employment exercised aboard a ship, aircraft or road vehicle operated in international traffic, may be taxed in the Contracting State in which the enterprise which operates the ship, aircraft, road vehicle or boat is a resident.

Notwithstanding the provisions of Articles 7 and 14, income derived by a resident of a Contracting State as an entertainer, such as a theatre, motion picture, radio or television artiste, or a musician, or as a sportsman, from his personal activities as such exercised in the other Contracting State, may be taxed in that other State.

2. Where income in respect of personal activities exercised by an entertainer or a sportsman in his capacity as such accrues not to the entertainer or sportsman himself but to another person, that income may, notwithstanding the provisions of Articles 7 and 14, be taxed in the Contracting State in which the activities of the entertainer or sportsman are exercised.

3. Notwithstanding the provisions of paragraphs 1 and 2, income derived by a resident of a Contracting State from his personal activities as an entertainer or as a sportsman shall be taxable only in that State if the activities are exercised in the other Contracting State within the framework of cultural or sports exchange programs approved by both Contracting States.

Article 17

Pensions and other similar remuneration arising in a Contracting State and paid to a resident of the other Contracting State in consideration of past employment shall be taxable only in the first-mentioned State.

(i) is a national of that State; or

(ii) did not become a resident of that State solely for the purpose of rendering the services.

2. The provisions of Articles 14, 15 and 16 shall apply to salaries, wages and other similar remuneration in respect of services rendered in connection with a business carried on by a Contracting State or a local authority thereof.

Article 19
STUDENTS

Payments which a student, or business apprentice who is or was immediately before visiting a Contracting State a resident of the other Contracting State and who is present in the first-mentioned State solely for the purpose of his education or training, receives for the purpose of his maintenance, education or training shall not be taxed in that State, provided that such payments arise from sources outside that State.

Article 20
PROFESSORS AND TEACHERS

1. Notwithstanding the provisions of Article 14, an individual who visits a Contracting State for the sole purpose of teaching or carrying out research at a university, college, school or other recognized educational institution in that State and who is or was immediately before that visit a resident of the other Contracting State, shall be exempt from taxation in the first-mentioned Contracting State on remuneration for such teaching or research for a period not exceeding two years from the date of his first visit for that purpose.

2. The provisions of paragraph 1 of this Article shall not apply to remuneration from research if such research is undertaken not in the public interest but primarily for the private benefit of a specific person or persons.

Article 21
OTHER INCOME

1. Items of income of a resident of a Contracting State, wherever arising, not dealt with in the foregoing Articles of this Agreement shall be taxable only in that State.

2. The provisions of paragraph 1 shall not apply to income, other than income from immovable property as defined in paragraph 2 of Article 6, if the recipient of such income, being a resident of a Contracting State, carries on business in the other Contracting State through a permanent establishment situated therein and the right or property in respect of which the income is paid is effectively connected with such permanent establishment. 4. All other elements of capital of a resident of a Contracting State shall be taxable only in that State.

Article 23
ELIMINATION OF DOUBLE TAXATION

1. In Hungary double taxation shall be eliminated as follows:

(a) Where a resident of Hungary derives income or owns capital which, in accordance with the provisions of this Agreement may be taxed in Armenia, Hungary shall, subject to the provisions of subparagraphs (b) and (c), exempt such income or capital from tax.

(b) Where a resident of Hungary derives items of income which, in accordance with the provisions of Articles 10, 11 and 12 may be taxed in Armenia, Hungary shall allow as a deduction from the tax on the income of that resident an amount equal to the tax paid in Armenia. Such deduction shall not, however, exceed that part of the tax, as computed

before the deduction is given which is attributable to such items of income derived from Armenia.

(c) Where in accordance with any provision of the Agreement income derived or capital owned by a resident of Hungary is exempt from tax in Hungary, Hungary may nevertheless, in calculating the amount of tax on the remaining income or capital of such resident, take into account the exempted income or capital.

(d) The provisions of subparagraph (a) shall not apply to income derived or capital owned by a resident of Hungary where Armenia applies the provisions of this Agreement to exempt such income or capital from tax or applies the provisions of paragraph 2 of Articles 10, 11 and 12 and subparagraph (b) of paragraph 3 of Article 11 to such income.

2. In Armenia, double taxation shall be avoided as follows:

(a) where a resident of Armenia derives income or owns capital which, in accordance with the provisions of this Agreement, may be taxed in Hungary, Armenia shall allow:

(i) as a deduction from the tax on the income of that resident, an amount equal to the income tax paid in Hungary;

(ii) as a deduction from the tax on the capital of that resident, an amount equal to the capital tax paid in Hungary.

Such deduction in either case shall not, however, exceed that part of the income tax or capital tax, as computed before the deduction is given, which is attributable, as the case may be, to the income or the capital which may be taxed in Hungary.

(b) Where in accordance with any provision of this Agreement, income derived or capital owned by a resident of Armenia is exempt from tax in Armenia, Armenia may nevertheless, in calculating the amount of tax on the remaining income or capital of such resident, take into account the exempted income or capital.

Article 24 NON-DISCRIMINATION

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.

2. Stateless persons who are residents of a Contracting State shall not be subjected in either Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of the State concerned in the same circumstances, in particular with respect to residence, are or may be subjected.

3. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

4. Except where the provisions of paragraph 1 of Article 9, paragraph 7 of Article 11, or paragraph 6 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State. Similarly, any debts of an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable capital of such enterprise, be deductible under the same conditions as if they had been contracted to a resident of the first-mentioned State.

5. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

6. The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of every kind and description.

Article 25 MUTUAL AGREEMENT PROCEDURE

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Agreement, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph 1 of Article 24, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Agreement.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Agreement. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application

of the Agreement. They may also consult together for the elimination of double taxation in cases not provided for in the Agreement.

4. The competent authorities of the Contracting States may communicate with each other directly, including through a joint commission consisting of themselves or their representatives, for the purpose of reaching an agreement in the sense of the preceding paragraphs.

Article 26 EXCHANGE OF INFORMATION

1. The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Agreement or to the administration or enforcement of the domestic laws concerning taxes of every kind and description imposed on behalf of the Contracting States, or of their local authorities, insofar as the taxation thereunder is not contrary to the Agreement. The exchange of information is not restricted by Articles 1 and 2.

2. Any information received under paragraph 1 by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, the determination of appeals in relation to the taxes referred to in paragraph 1, or the oversight of the above. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

3. In no case shall the provisions of paragraphs 1 and 2 be construed so as to impose on a Contracting State the obligation:

(a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;

(b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;

(c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information the disclosure of which would be contrary to public policy (*ordre public*).

4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.

5. In no case shall the provisions of paragraph 3 be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank,

other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

PROTOCOL

TO THE AGREEMENT BETWEEN THE GOVERNMENT OF THE REPUBLIC OF ARMENIA AND THE GOVERNMENT OF THE REPUBLIC OF HUNGARY FOR THE AVOIDANCE OF DOUBLE TAXATION AND THE PREVENTION OF FISCAL EVASION WITH RESPECT TO TAXES ON INCOME AND ON CAPITAL

When signing today the Agreement between the Government of the Republic of Armenia and the Government of the Republic of Hungary for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income and on capital, the following additional provisions forming integral part of this Agreement have been agreed upon.

It is understood that:

1. With respect to Article 5:

For the purposes of subparagraph (a) and (b) of paragraph 4, the term “delivery” does not cover the sale of goods or merchandise belonging to the enterprise.

2. With reference to Article 26:

If in accordance with domestic law personal data are exchanged under this Agreement, the following additional provisions shall apply subject to the legal provisions in effect for each Contracting State:

(a) The receiving agency may use such data only for the stated purpose and shall be subject to the conditions prescribed by the supplying agency.

(b) The receiving agency shall on request inform the supplying agency about the use of the supplied data and the results achieved thereby.

(c) Personal data may be supplied only to the responsible agencies. Any subsequent supply to other agencies may be effected only with the prior approval of the supplying agency.

(d) The supplying agency shall be obliged to ensure that the data to be supplied are accurate and that they are necessary for and proportionate to the purpose for which they are supplied. Any bans on data supply prescribed under applicable domestic law shall be observed. If it emerges that inaccurate data or data which should not have been supplied have been supplied, the receiving agency shall be informed of this without delay. That agency shall be obliged to correct or erase such data without delay.

(e) Upon application the person concerned shall be informed of the supplied data relating to him and of the use to which such data are to be put. There shall be no

obligation to furnish this information if on balance it turns out that the public interest in withholding it outweighs the interest of the person concerned in receiving it. In all other respects, the right of the person concerned to be informed of the existing data relating to him shall be governed by the domestic law of the Contracting State in whose sovereign territory the application for the information is made.

(f) The receiving agency shall bear liability in accordance with its domestic laws in relation to any person suffering unlawful damage as a result of supply under the exchange of data pursuant to this Agreement. In relation to the damaged person, the receiving agency may not plead to its discharge that the damage had been caused by the supplying agency.

(g) Where the domestic law of the supplying agency contains special provisions for the deletion of the personal data supplied, that agency shall inform the receiving agency accordingly. Irrespective of such law, supplied personal data shall be erased once they are no longer required for the purpose for which they were supplied.

(h) The supplying and the receiving agencies shall be obliged to keep official records of the supply and receipt of personal data.

(i) The supplying and the receiving agencies shall be obliged to take effective measures to protect the personal data supplied against unauthorised access, unauthorised alteration and unauthorised disclosure.

(j) The Contracting States shall ensure that the adherence to the data protection requirements set forth in this Agreement is monitored by organizations which are independent from the agencies in accordance with the respective legislations of the Contracting States. In the event of breach of rights related to data protection, the affected persons shall be entitled to legal remedy, including in a court of law, in accordance with the respective national legislations of the Contracting States.

3. Present Agreement shall in no way prejudice to the obligations deriving from Hungary's membership in the European Union.

In witness whereof the undersigned, duly authorised thereto, have signed this Protocol.
